

**BOONE COUNTY WATER RESCUE
MONTHLY REPORT**

October 2006

GENERAL ACTIVITIES

- 1. One team meeting, fire chiefs meeting.**
- 2. Preparing to remove 219 from the water.**
- 3. Boats 218 and 219 will stay at Villa Hills this year due to the road department's construction.**
- 4. Installing wireless and computer equipment on all boats and Squad on going (on hold)**
- 5. Boat 220 is being reconfigured to use both the side scan sonar and drop camera equipment on going (on hold)**
- 6. Full focus is on relocating the team headquarters the 1st phase is to duplicate the upstairs offices, training room, uniform room, kitchen, supply rooms at the old C.A.C. building. The second phase is to duplicate the down stairs bay area, air station, cleaning station, EMS room, and dive equipment repair rooms by attaching a structure to the rear of the building. The 3rd phase would be the relocation of the bays that house our vehicles and boats this spring by the public works department. Phase 1 and 2 will be constructed by team labor, road department personnel, inmates from the County jail, and Don Woods's department. So far donations from various vendors have helped in the overall cost. Anyone wanting to donate there time to help is welcome.**
